READING COMPREHENSION STUDY GUIDE

SECOND BIMESTER FIRST GRADE 2017-2018

NAME _____

DATE _____

EVALUATION DATE: DECEMBER 6TH

I. Read the selection. Answer the questions that follow.

Changes

A butterfly lays its eggs on leaves. The eggs hatch. Baby caterpillars push their way out of the eggs. The caterpillars eat the leaves and grow very fast. When the caterpillars are full size, they hang from leaves. They make a pupa for their home. They change inside it. They may wait for one week or for a few years. At last butterflies crawl out. They dry their wings. Then fly away.

1. What hatches from butterflies' eggs?

caterpillars

butterflies

birds

2. Why are leaves important for baby caterpillars?

Leaves are shade.

Leaves are hiding places.

Leaves are food.

3. What happens after the new butterflies crawl out?

They lay eggs.

They fly away.

They eat leaves.

4. Write the title of the story.

5. Write the author of the story:

6. The story is:

Realistic Fiction

Animal Fantasy

Expository text

7. Write if the sentence is a fact or an opinion.

1. Butterflies are pretty.

2. Butterflies lay their eggs on leaves.

3. Caterpillars eat and grow.

4. Caterpillars have fun.

8. Draw the life Cycle of the butterfly.
